The Technical Assistance Webinar on Friday, July 17, will present an overview of the potential deliverables required for the Adult Education Block Grant.

Before funding from the Adult Education Block Grant can be distributed to the consortia, each consortium will need to put in place the requirements indicated in the legislation. Friday's webinar will present information about these requirements and what may be needed to be submitted by

the consortia.

The webinar is Wednesday, July 17, at 12:00PM to 1:00PM and it will be recorded and posted to [ab86.cccco.edu](http://ab86.cccco.edu). Please visit us at [ab86.cccco.edu](http://ab86.cccco.edu) or see below for directions on how to connect to the webinar.

## New Website and Logo for Adult Education Block Grant Coming Soon

As the AB 86 Planning and Implementation Grant closes out, it will be transitioning to the Adult Education Block Grant. As part of this process, there will be a new website and a new logo coming soon to reflect the changes.

The new website will continue to be a source for the latest information and will archive the information from the AB 86 Planning Process. The new website and logo for the Adult Education Block Grant will have a fresh look and be easy to navigate to find the information you need.

During the transition links to the AB 86 Website will be automatically redirected to the new Adult Education Block Grant website. You will also see the new logo on communications from the AEBG Office. There is no need to sign up again to receive News Briefs and More on AEBG eNewsletters.

## Share Your Practices with Promise

What is the process your consortium is using to develop governance policies outlined in the recent budget bill? Consider sharing the strategies your consortium is using to put governance policies on the [AB86 Practices with Promise site](#).

For those consortia that are closing out their grant, each consortium will be asked to share at least one Practices with Promise to represent the consortium's planning grant efforts as part of the AB 86 grant close out process.

The [AB86 Practices with Promise site](#) is a tool developed to share promising practices in adult education across the

State. This tool allows regional consortia to share promising practices currently in use that have been proven to work. These practices include current initiatives, pilot programs, or strategies employed in your region for any or all of the 5 program areas as well as practices that have helped your planning process be a success.

We want to hear your stories and we want you to share your promising practices with your colleagues in adult education. Visit [ab86practiceswithpromise.com](http://ab86practiceswithpromise.com) to submit your story today!
