State Releases Regional Consortia Allocations and First MOE Apportionment

The State has released the regional consortia allocations for 2015-16 for the remaining funds (after MOE allocations) from the Adult Education Block Grant. [Click here to download the Schedule for Regional Consortia Allocations.](#)

The CCCCO and CDE, with the advice of the executive director of the State Board of Education (SBE), worked together to establish a formula to allocate funds to the regional adult education consortia. The formula followed the guidance set forth in Assembly Bill (AB) 104, Section 39 (Chapter 13, Statutes of 2015), which established the Adult Education Block Grant. The Governor's Budget Item 6870-201-0001 appropriated \$500 million in total funding for this program.

Previously, the CCCCO and CDE, with the advice of the executive director of the State Board of Education (SBE), certified \$336,867,867 as Maintenance of Effort (MOE) allocations, which were posted previously. [Click here for more on MOE allocations.](#)

The CDE released the first apportionment of MOE allocations on August 31. [Click here read the letter to county superintendents of schools that accompanied the apportionment.](#) A schedule of the first apportionments is also posted. AEBG Adult Education Regional Planning Summit

The AEBG Adult Education Regional Planning Summit, hosted by the AEBG Work Group, will provide technical assistance for implementing the Adult Ed Block Grant and will be a chance for consortia to learn from their peers.

There will be three strands of workshops for participants to choose from. The strands are a workshop strand, a technical assistance strand and a network/practices strand. Workshops will be one hour each. More information about the workshop details will be coming soon.

Summit Dates: Thursday, September 24, 9:30AM - 5:00PM and Friday, September 25, 8:30AM - 12:00PM at the Sheraton Grand in Sacramento

Regional Adult Education Block Grant Workshops

Learn more about the implementation of the Adult Education Block Grant. The AEBG budget bill (AB 104) outlines specific requirements that consortia must follow. The AEBG Office will host a series of workshops around the state to provide information and to answer questions about what consortia must do to meet the requirements of the Adult Education Block Grant legislation. Neil Kelly will be leading these workshops.

These workshops are for those who are not able to attend the AEBG Adult Education Regional Planning Summit in Sacramento. Technical assistance workshops at the Summit will provide this information to attendees.

These workshops are recommended for consortia leads and other individuals who will be working on 2015-16 implementation templates, amended three-year plans, and grant budgets and expenditures.

To register, please click on the link below for the workshop you wish to attend:

Share Your Practices with Promise

The [AEBG Practices with Promise site](#) is a tool developed to share promising practices in adult education across the State. This tool allows regional consortia to share promising practices currently in use that have been proven to work. These practices include current initiatives, pilot programs, or strategies employed in your region for any or all of the 5 program areas as well as practices that have helped your planning process be a success.

One of the biggest challenges for the Riverside AB86 regional consortium is the sheer geographic reach and accompanying diversity of the region, where the needs and demographics of one school district or college can vary significantly from the needs and demographics of another. As a result, a challenge has been finding common ground that all stakeholders can relate to and identifying the varying needs throughout the service area. Learn how Riverside Consortium reached out to include more stakeholders to overcome this obstacle by clicking the link below.
